

## SYNMAR JUSTUS 0W-20 FE | S100027 V24-2608

### Description

The Synmar Justus 0W-20 FE is a fully synthetic LOW SAPS motor oil that has been specifically developed for the most recent hybrid, petrol and diesel engines of the Stellantis group (formerly PSA). The mixed additive package keeps oil oxidation to a minimum, while fuel consumption and engine performance are maximized. In addition, the Synmar Justus 0W-20 FE offers superior protection thanks to the LOW SAPS formulation (low sulfate ash, phosphorus and sulfur content) for the often sensitive and expensive after-treatment systems.

### Application

The Synmar Justus 0W-20 FE has been specifically developed for use in the most modern hybrid petrol and diesel engines from Stellantis (formerly PSA) and especially those equipped with BLUE HDi, PureTech, Stop & Start technologies and hybrid engines that use motor oils from require the most recent generation

### Performance Level

ACEA C5  
API SN Plus  
PSA B71 2010  
OV 040 1547-A20  
Fiat 9.55535-DM1

### Typicals

Color	Amber
Viscosity 40 °C, mm <sup>2</sup> /s	43.5
Viscosity 100 °C, mm <sup>2</sup> /s	8.3
Viscosity Index	170
Flash Point COC, °C	232
Pour Point, °C	-48

The analytical data in this product data sheet are typical values. Small deviations, which may occur during the normal manufacturing process of the product, will not affect the quality of the product. Although this overview is composed with the most possible care, Synmar does not accept any liability for damages caused by incompleteness and/or inaccuracies in this information, especially when these are caused by obvious typing errors.
