

SYNMAR FAUSTINA 80W-90 TDL | S300150

V170622

Description

The Synmar Faustina 80W-90 TDL is a lubricating oil for mechanical transmissions, formulated with high quality solvent refined base oils and special EP-additives to obtain the following properties:

- an excellent resistance against oxidation
- a very high activity against wear, corrosion and foam
- a low pour point
- very good EP-properties
- good clutch-switch performance

Application

The Synmar Faustina 80W-90 TDL is used in gearboxes under very heavy-duty conditions and should be used in all gearboxes where mineral EP gear oils are required.

Performance Level

API GL-4, GL-5, MT-1
