

SYNMAR POWERTRANS 10W / TO-4 | S400170

Description

Synmar Powertrans 10W / TO-4 is a special oil for hydraulic- and transmission equipment formulated with solvent refined base oils and selected additives to obtain the following properties:

- a low pour point
- a very good stability against oxidation
- very good anti-wear properties, that gives a longer duration of the final drive
- specific friction-properties, which grants an optimum use of the power shift transmissions
- applicable in systems with "wet" brakes
- excellent corrosion and foaming preventive properties

Application

Synmar Powertrans 10W / TO-4 is special developed for the lubrication of power shift transmissions, differentials, final drives and hydraulic equipment of earth-moving equipment, for which a Caterpillar TO-4 or Allison C4 fluid is required.

This oil cannot be used in engines.

Performance Level

Performance level
Allison C4
Cat TO-4/TO-2
Komatsu KES 07.868.1
ZF TE-ML 03C

Typicals

Density at 15 °C, kg/l	0,862
Viscosity 40 °C, mm ² /s	40,50
Viscosity 100 °C, mm ² /s	6,48
Viscosity Index	111
Flash Point COC, °C	226
Pour Point, °C	-30
Sulphate Ash, %	1,32
