

SYNMAR Chainsaw Oil 68 BIO | S400402 V24-1402

Description

The Synmar Chainsaw Oil 68 BIO is a chainsaw oil that is quickly biodegradable and therefore ideally suited for work in vulnerable locations. The Synmar Chainsaw Oil 68 BIO is composed of vegetable raw materials and toxicologically neutral components, which are absorbed by micro-organisms in the shortest possible time. The Synmar Chainsaw Oil 68 BIO also has a very low pour point and is therefore very stable at lower temperatures, without losing its adhesive power.

Application

The Synmar Chainsaw Oil 68 BIO is mainly used for lubricating and cooling chainsaw blades and saw chains.

Please note: This chainsaw oil is not suitable for lubricating the drive motor

Performance Level

CEC L-33-T-82
ISO 68

Typicals

Color	Green
Density at 15°C, kg/l	0.912
Viscosity 40 °C, mm ² /s	69
Viscosity 100 °C, mm ² /s	13.6
Viscosity Index	204
Flash Point COC, °C	>200
Pour Point, °C	-21
Bio-degradability, %	90

The analytical data in this product data sheet are typical values. Small deviations, which may occur during the normal manufacturing process of the product, will not affect the quality of the product. Although this overview is composed with the most possible care, Synmar does not accept any liability for damages caused by incompleteness and/or inaccuracies in this information, especially when these are caused by obvious typing errors.
