

## SYNMAR COOLANT -36°C BLUE

<b>Description</b>	The Synmar Coolant -36°C Blue can be used throughout the whole year in the cooling systems of petrol and diesel engines. This coolant is already diluted with water creating a frost protection of -36°C.	
<b>Application</b>	The Synmar Coolant -36°C Blue should not be further diluted with water. Based on ethylene glycol and formulated according to European car manufacturers instructions, the pre-diluted cooling fluid contains additives, protecting against corrosion and foam-building. It is completely safe for rubbers, plastics, metals, aluminium and alloys and provides a permanent, guaranteed protection against freezing up to -36°C.	
<b>Performance Level</b>	Performance level AFNOR NF R 15-601 ASTM D3306 BS6580 SAE J 1034	
<b>Typicals</b>	Density at 20 °C kg/l	1,06
	Color	Blue
	Freezing point	-36 °C
