

## SYNMAR COOLANT NON TOXIC - MPG -36 | S500013 V30082022

### Description

The Synmar Coolant Non Toxic - MPG -36 is an environmentally friendly non-toxic coolant which is based on mono propylene glycol and is suitable for both petrol and diesel engines. The product is free from nitrites, amines, phosphates, borates, silicates and contains no other mineral additives. The Synmar Coolant Non Toxic - MPG -36 is also well suited for all cooling or heat transfer systems such as solar power installations, central heating circuits with water circulation and air conditioning. This product is completely safe for rubbers, plastics, metals and aluminium or alloys and has a frost protection up to -36°C.

### Application

The Synmar Coolant Non Toxic - MPG -36 should not be further diluted with water. Based on mono propylene glycol and formulated according to European car manufacturers instructions, the pre-diluted cooling fluid contains additives, protecting against corrosion and foam-building. It is completely safe for rubbers, plastics, metals, aluminium and alloys and provides a permanent, guaranteed protection against freezing up to -36°C.

### Performance Level

ASTM: D3306  
BS: 6580

### Typicals

Color	Blank
Density at 20 °C	1,050g/m <sup>3</sup>
Boiling point	165°C
Freezing point	-36 °C
