

SYNMAR THOR MP 3 | S900001

Description

Synmar Thor MP 3 is a multifunctional EP grease enhanced by the plastic deformation of its micro additives and formulated for lubrication under severe mechanical conditions. It is free of fillers and heavy metals.

Application

Synmar Thor MP 3 is suitable for the following applications:

- All types of bearings subjected to high loads, vibrations or in a humid environment.
- In journal bearings, including yellow alloys, subjected to heavy loads or partial rotation with abrasive wear;
- To protect the development of rough or accelerated wear and tear of bearings and grooves in Cardan type transmissions and grooved joints with high torques.
- Lubrication in rolling mills.

Performance level

Synmar Thor MP 3 offers the following benefits;

- Very good adhesive properties;
- Operating temperature of -20°C to +120°C, with peaks of 135°C;
- Excellent pumpability for use with gun and central lubrication;
- It meets the following specifications: KP2K-20, L-XBCEB-2.
