

SYNMAR DEX 2T MINERAL | S600150

Description

Synmar DEX 2T Mineral is a two stroke engine oil formulated with carefully selected high quality mineral and synthetic base oils and special two stroke additives, to achieve the following properties:

- a perfect lubrication of all motor parts
- an active detergency, preventing from deposits in the combustion zone and at the scavenger ports
- preventing spark plugs from fouling, in this way securing an optimal output of the engine
- a very effective activity against wear and corrosion
- a very limited formation of smoke
- selfmixing

Application

Synmar DEX 2T Mineral is advised for the lubrication of high speed air cooled two stroke engines under heavy duty load. This selfmixing two stroke engine oil may also be used for watercooled two stroke engines (radiator type cooling systems).
